

Proceedings
Enhancement of the Global Perspective for
Engineering Students by Providing an
International Experience

Engineering Conferences International

Year 2003

Table of Contents

The Editors
of the Proceedings

CONTENTS

Preparation of US Engineering Students for International Practice – R. C. Jones	1
Developing Global Perspectives for Engineering Students: A North American View - Axel Meisen	11
Enhancement of the Global Perspective for Engineering Students by Providing an International Experience: An Academic View – Europe – Claudio Borri and Elsia Guberti	19
The Need for Global Perspective: An Industrial View – Kruno Hernaut	35
Global Engineering Education Exchange (Global E³)* – Lester Gerhardt	51
Why and How to Provide Engineering Students with an International Experience – Itsuo Ohnaka	57
Monterrey Tech’s International Strategy – Teofilo Ramos	75
The German Initiative for Students in Science and Technology - Heide Naderer	101
Undergraduate Engineers Get Credit for Saving Venice – Fabio Carrera, David DiBiasio and Natalie A. Mello	105
Global Engineering Through Joint Degree Programs – Ali Asghar Mirarefi	113
Barriers to Students Gaining an International Experience – Summary of Group Discussion – Carl J. McHargue and Eleanor Baum	125
Impact of the Sorbonne-Bologna Process on Engineering in Europe – Torbjörn Hedberg	131
The International Dimension Through Student Mobility – B. E. Mulhall	143
Models of European Double and joint Degrees: A Need for Transparency* – Giancarlo Spinelli	149
International Accreditation Activities – Alfredo Soeiro	159
Assessing the Value of the International Experience – Bethany S. Oberst	165
Providing East European Engineering Students with an International Experience – Radu Chisleag	177

The Issue of Quality in Nigeria Education System* - C. N. Achi	179
Georgia Tech's Strategies for Global Engineers – Jack R. Lohmann	186
Opportunities for International Studies: Öresund University – A Regional University – Bengt Streijffert	209
The International Master of Science in Aerospace Engineering Program – Ivan A. Camelier	217
Mediterranean Engineering Schools' Network (RMEI) – Zile Soilihi	239
New Perspectives on Teaching Computer Science in Europe – Mario J. Atunes, João Cunha, Jorge Bernardino, Frank Heubach, Mark Kirby, Hugh Osborne, Dominique Laurent and Jari-Pekka Paalassalo	247
Global Engineering Education Initiatives at Lawrence Technological University – Steven K. Howell	255
Preparing Engineering Students for the New Business Paradigm of International Teamwork and Global Orientation – Keith Sheppard, Peter Dominick and Zvi Aronson	265
Appendix 1. Participant List	A-1

*** Papers available at conference but not presented in oral sessions.**
