13:40 Coaches depart the hotel for the conference excursion.

There will be a guided tour inside the medieval wall of Faro for a glimpse of the local history. We expect to visit a museum or the cathedral. The harbor stands outside one of the entrances of the medieval walls where the group will board a catamaran which will take us along the Natural Park of the Ria Formosa. The island where we will stop is at the southern-most point of Portugal, where the silence and stillness are most impressive. The catamaran will return the group to Faro where the coaches will be waiting for the return to the hotel. Anticipated return time is 18:00.

Dinner this evening will be “on your own”. We’ll have a list of restaurants in Albufeira available; however, it is fun to go to the downtown area and find an interesting restaurant.
