The Future of Watershed Modeling

Rick Hooper, President
Consortium of Universities for the
Advancement of Hydrologic Science, Inc. (CUAHSI)

<http://www.cuahsi.org>

- **CUAHSI** is a consortium representing 125 US universities (plus international affiliate members)
- Supported by the **National Science Foundation** Earth Science Division
- Advances **hydrologic science** in nation's universities
- Projects in Informatics, Instrumentation, Observatories, Synthesis, and **Research Applications**

Session Themes

- Scientific Use of Watershed Models
- Technological Advances
- Data and Models: Information Content
- Tomorrow's Modeling Challenges

Questions for your Consideration

- Research-to-practice: How to turn research findings into useful tools?
- What are the biggest knowledge gaps?
What do you need from researchers?
- How do we sustain a dialog between researchers and practitioners?
